

NEW SENSATIONS

SENSORY MODULATION WORKSHOPS

'NEW SENSATIONS' is a one day workshop followed by a one hour individual therapy session. The workshop will introduce you to Sensory Modulation and the individual session will adjust these strategies to your needs.

WHAT IS SENSORY MODULATION?

Sensory Modulation is an evidence-based practice which can be described simply as **improving the way you feel or function by using your senses.**

Come along to this practical and interactive workshop to build your skills, knowledge and confidence in using your senses to manage your daily life.

HOW DO I JOIN?

The workshops are available to all PIR participants in the Wide Bay Region. To register please fill out an expression of interest and email through to the program coordinator, Helen See contact details below.
