- an application form completed in full.

WHAT HAPPENS AFTER I APPLY TO EXHIBIT?

Once applications close on 26 June 2022, you will have until your drop-off appointment (from mid-July to early-August) to ensure your artwork is finished and ready for review. Our team may be in touch before your appointment to discuss your application if they have any questions or concerns.

Following receipt of your artwork, all entries will be presented for review by the Curator and supported by a selection panel, from which works will be selected to exhibit. Artworks will be selected based on eligibility criteria and curatorial considerations including but not limited to concept, workmanship, originality and exhibition fit. Once the pre-selection process has been completed, all entrants will be advised of the outcome. Exhibitors will be informed at the end of August 2022.
